

Juego para lavatorio

An exploded view diagram of a Vasser Responder shower head assembly. The diagram shows the following components and their assembly sequence indicated by numbered callouts:

- 1:** A small cap or plug at the top of the spray arm.
- 2:** The spray arm itself, which has multiple nozzles.
- 3:** A decorative, fluted shower head cap.
- 4:** A small connector or spacer piece.
- 5:** A shower head body with a central nozzle.
- 6:** A long, cylindrical shower head body with a threaded bottom.
- 7:** A small, circular shower head cap.
- 8:** A shower head body with a threaded bottom and a decorative cap.

The diagram shows the assembly of the shower head onto a shower arm. The shower arm is inserted into the shower head body (6), and the shower head body (6) is then attached to the shower arm. The shower head body (6) has a threaded bottom, which is shown being inserted into the shower arm. The shower head body (6) is also shown with a decorative cap (8) and a small cap (7). The shower head body (6) is shown with a threaded bottom, which is shown being inserted into the shower arm. The shower head body (6) is also shown with a decorative cap (8) and a small cap (7).
